▼ **Feature**: As a registered user I want to be able to login in the Apparel page, so I can have a custom experience
    ▼ **Scenario Outline**: Successful login
        When I fill out the login form with "<username>" and "<password>" information
        And I click on the Sign in button in the login form
        Then I should see the logo off menu at the top's page
        ▼ **Examples**:

username	password
dcmu3@gmail.com	123456

    ▶ **Background**:
    ▶ **Scenario Outline**: Successful login
    ▼ **Scenario Outline**: Unsuccessful login
        When I fill out the login form with not valid "<username>" and "<password>" information
        And I click on the Sign in button in the login form
        Then I should see a message error
        ▼ **Examples**:

username	password
dcmu3@gmail	123456

    ▶ **Background**:
    ▶ **Scenario Outline**: Unsuccessful login
    ▼ **Scenario Outline**: Successful log off
        Given I'm logged in the Apparel website with valid "<username>" and "<password>" information
        When I click on the log off button
        Then I should see a login available
        ▼ **Examples**:

username	password
dcmu3@gmail.com	123456

    ▶ **Background**:
    ▶ **Scenario Outline**: Successful log off
▼ **Feature**: As a user I want to see the product's manufacturer listed in the page so I can easily browse among them
    ▶ **Scenario**: Choosing a specific manufacturer
▼ **Feature**: As a logged user I want to be able to do a checkout so I can purchase items
    ▼ **Scenario Outline**: Adding products to the cart
        When I filter by "<category>"
        And I add a product to the cart
        And I should be able to place the order
        And I should be able to confirm the summary order
        And I should be able to confirm the address order
        And I should be able to confirm the shipping order
        And I should be able to confirm the payment method
        Then I should be able to confirm the final order
        ▼ **Examples**:

category
Women

    ▶ **Background**:
    ▶ **Scenario Outline**: Adding products to the cart
▼ **Feature**: As a user I want to register in the Apparel page so I can manage my billing data
    ▼ **Scenario Outline**: Successful register
        Given I am at home page
        When I click to sign in
        And I fill out a valid "<email>"
        And I click to create account
        And I fill out the personal info "<title>""<firstName>""<lastName>""<password>""<days>""<months>""<years>""<newsletter>""<offers>"with the correct information
        And I fill out the additional info "<company>""<address>""<address2>""<city>""<state>""<zip>""<country>""<additionalInfo>""<homePhone>""<mobilePhone>""<addressAlias>" with the correct information
        And I click on the Register button
        Then I should be registered
        ▼ **Examples**:

email	title	firstName	lastName	password	days	months	years	newsletter	offers	company	address	address2	city	state	zip	country	a
dcmu5@gmail.com	Mr	Carolina	Machado	123456	8	9	1990	y	y	Huge	calle 2	calle 100	Bogota	3	11000	21	r

    ▶ **Scenario Outline**: Successful register
    ▼ **Scenario Outline**: Unsuccessful register
        Given I am at home page
        When I click to sign in
        And I fill out a valid "<email>"
        And I click to create account
        And I fill out the personal info "<title>""<firstName>""<lastName>""<password>""<days>""<months>""<years>""<newsletter>""<offers>"with the correct information
        And I fill out the additional info "<company>""<address>""<address2>""<city>""<state>""<zip>""<country>""<additionalInfo>""<homePhone>""<mobilePhone>""<addressAlias>" with the correct information
        And I click on the Register button
        And I click on the Register button
        Then I should see an error notification
        ▼ **Examples**:

email	title	firstName	lastName	password	days	months	years	newsletter	offers	company	address	address2	city	state	zip	country	a
dcmu16@gmail.com	Mr	Carolina	Machado	123456	8	9	1990	y	y	Huge	calle 2	calle 100	Bogota	3	1100	blank	r

    ▶ **Scenario Outline**: Unsuccessful register

▼ **Feature**: As a user I want to search for a product so I can easily find it in the page
    ▼ **Scenario Outline**: Performing a successful search
        When I type "<category>" in the search field
        And I click on the search button
        Then I should see the expected number of results
        And I should see results for "<category>"
        ▼ **Examples**:

category
Dress

    ▶ **Background**:
    ▼ **Scenario Outline**: Performing a successful search
        When I type "Dress" in the search field
        And I click on the search button
        Then I should see the expected number of results
        And I should see results for "Dress"
